Chapter VIII

**How to Fine Tune What You Do for a Living
and Become the Best in the Business**

eBlessings.us **Get God's Attention**

I asked my daddy how could he afford to spend all that time with vocational agriculture teachers and county agents from all over the entire state of North Carolina, I said to him, "You are not even making a dime out of this how can you afford not to do it." I never forgot that concept he said to me. He looked at me and that grin on his face, I never forgot it over my 48-year track record. He said, "I cannot afford not to help them." He said, "The way you get God's attention is to be more concerned about God's people than you are about yourself.

I used that concept all the way through my 48-year track record but I haven't been a farmer. I went into several fields and succeeded in every

field, have made millions in every field. If I can do it this way, you can too. I use to see my daddy sit early in the morning around 3:00 when everyone was sound asleep. You got to understand I was up observing him. I use to see him sit reading his Bible but I never did see him turn a page. I asked him why. Tears running down his cheek, like I said, I never did see him turn a page.

Here again he looked at me with that grin on his face, that serious grin, he said, "A lot of boys talk about reading the Bible. I do the **Pathway to Success**. A lot of material is in that Bible; materials in the Bible that do not fit today's assignment." Then he shared with me how God directs his path on how to meditate on that word. He said, "The first thing you do is to take everything out of the Bible--everything. You want to make sure those leaves are turning by God's power and you hold your hands directly under the Bible, both hands, and you say Father in the name of Jesus let your Word open to where you want me to mediate today."

He said, "Sometimes when you are doing this, the Bible will open to the same two pages for 60 days, every morning without missing. Then again, sometimes you start this program and it will open to the same two pages two mornings in a row. Then the following morning, it will move to two different pages." He said, "What God is really showing you is, you haven't gotten the message."

Why jump all through the Bible and you haven't got His message. The message is what you want. My daddy said, "You read it aloud. Reading it aloud will improve your voice. A good voice is a must to make it in this land. And you read it three times." But God changed it to four times. One time for the Father, one time for the Son, one time for the Holy Spirit, and one time for A C Brown because I have to have the strength and the know how to do God's will and you do too.

You start reading from the left and you go to the right. At the beginning of that first chapter to your left, most likely you are going to have to turn a page to complete that chapter or that Psalm. You read that chapter or that Psalm four times before you leave it and before you leave that chapter or the Psalm, practice lifting those hands. Lift those hands as high as you can. Get them thanking God for directing your path. Thanking him for everything He has done for you since you have been in this world. The more you do this, the more blessings will come down to you.

After you do that **Pathway to Success** every morning, seven days a week, then you are free to read anywhere you want to read after you do it four times. One time for the Father, one time for the Son, one time for the Holy Spirit, and that fourth time is for you because you have to have the know how and the strength to do God's work. If you will start doing this, a whole new universe will open up to you, but you got to believe this concept from the tip of your head to the bottom of your feet. While you are reading your Bible, you are going to start getting ideas concerning what to do in life and how to do it. I succeeded in several fields using this concept and made millions in every field.

The Holy Spirit has been my teacher for a period of 48 years. The Holy Spirit wants to be your teacher too. Unless we do it this way, we are going to always wonder where it is. I have been to the promised land three times and I am on my way back there on my fourth trip. I am 75 years of age and I don't even take an aspirin, that in itself should be enough to get your attention.

If you just pick up the Bible and read it where you want to read it, remember God is a good God and He is a jealous God. He tells us so clearly, if you acknowledge Me I will direct your paths. He knows what you and I need at all times as individuals. If Sam Brown did it and Sam

Brown sent eight of my sisters and brothers to college, you can too. He had four girls in college at the same time. He traded new cars every three years, never got loans, always paid cash and he was just a farmer. And like I said, I never heard of this farmer saying he didn't have any money.

That is the way you get that break through. That is the way you go to that next level. Talk about the enemy leaving, start doing your reading in your Bible that way. When the Holy Spirit wakes me up every morning around 3:00, it is time for that ***Pathway to Success***.

Some mornings I'm so sleepy and tired I don't want to get up but I've got to go. And it is nothing but a habit. Now, it's true you may not finish that reading, but let me say this to you. Try to do it a least half of it, but before 12:00 midnight that same day, you complete that ***Pathway to Success*** alone, aloud, and listen to the words. The enemy has got to flee because now you are doing it God's way. A whole new universe will open up to you.
