Commentary by Anthony

I have not heard the conversation, but I have heard tidbits of its vapors. What am I talking about? The talk of not sending money to Haiti because of its black magic or voodoo roots. I would say shame on you but that would be a curse.

Give money to hurting people. And some of you...your own people--we gotta learn to rid ourselves of our tribalism roots (double entendre). C'mon! If we don't start (and keep) helping our own we will always be depending on others.

Whoopi Goldberg, leave Pat Robertson alone. I am sick of comedians being the towel boys and girls for their corporate sponsors telling us what is acceptable socially, when they do not live on "main street," but are puppets of "FCRB STREET" (FAT CAT ROBBER BARON STREET)." Pat may not have all his facts right, but he knows if he is a male or not, what his sexual preference is, and what ethnic group he is in and what religion he believes in.

Pat you keep speaking out as all Christians. The Comprehension: ALL IDOLATERS are going to receive within the next there years the WRATH OF GOD--you don't have to believe. Haiti has its roots in voodoo and is a fabric of its society. Much like "American Idol" is a fabric now of American society. Remember that word: IDOL. Your Heavenly Father hates idolatry; and any religion which prescribes and uses this "spiritual technology."

Remember, humans can get possessed by spirits--just look at the idiots on TELEVISION; but equally they can get un-possessed. Or simply--people can change with prayer and the true due diligence from those who are truly concerned. So treat all humans as your human brothers and sisters, knowing we all aspire or should aspire to the highest of ideals and hopes. Be concerned.

If you want to help and cannot or are too fearful to because of the perception of Haitians idolatrous nature; then pray for them. But everyone watch as money and the prayers of Christians and others are building a new Haiti; one with new and fresh Christians ideals (refrain from "main street" capitalistic ideas). Answers to the longsuffering of Haitians will soon be delivered in miraculous ways and religion and old traditions will now be rethought and reevaluated for future consequences. Father God is watching.

The pain and anguish must be directed towards positive humanitarian efforts supervised by the experienced and executed by the Haitian nationals; this helps keep people focused on something: namely their responsibility in all of this. The suffering must be eased. Spiritual Christians, pray for the demons or evil over Haiti not to feed off of the energy of the people suffering. Pray for the COMPASSION of CHRIST to befall the planet.

Help Haiti and every suffering person that you come in contact with. If a suffering person crosses your path--HELP THEM. You never know when you are entertaining ANGELS.
