So why focus on one part of America, when more than one part is broken?

“Lord, how long shall I cry for help and You will not hear? Or cry out to You of violence and You will not save? Why do You show me iniquity and wrong, and Yourself look upon or cause me to see perverseness and trouble? For destruction and violence are before me; and there is strife, and contention arises. Therefore the law is slackened and justice and a righteous sentence never go forth, for the [hostility of the] wicked surrounds the [uncompromisingly] righteous; therefore justice goes forth perverted. **Look around [you, Habakkuk, replied the Lord] among the nations and see! And be astonished! Astounded! For I am putting into effect a work in your days [such] that you would not believe it if it were told you.”**

HABAKKUK 1:2-5 (AMP)

American Election 2008 - 5. This American Election is so intertwined into Revelation, it is not funny but scary.

I watched the debates last night and really appreciate the professionalism of the oration. I will not put a stick in the sand and say which way I am voting, but I will say, “Last night, things looked pretty even.” And that is just what the antichrist wants you to think. You may be thinking, Here he goes again. What does the antichrist have to do with anything?”

Dear one, the antichrist has a lot to do with a great many things that you have to deal with in your every day life. You can not even imagine. Here is one that is used everyday by computer users; the TIMES NEW ROMAN font style. Hear the antichrist in this: THE TIMES ARE NEW ROMAN TIMES. How much more “IN YOUR FACE” can that be and you not see it until now. Whenever you hear the word ROMAN, hear: COLISEUM. That will help you see clearer concerning a great many things.

Coliseum=location of the slaughter of thousands of Christians.

Now back to the election. If you think about the election, and what the press is telling you, then you believe that the election is at a dead heat; even, neck and neck. If you believe the press, then you believe that there is a gasoline shortage due to the last hurricane; when there was never a shortage like this before with the worst of hurricanes. If you believe the press, you will forget that African children are dying at a rate higher than 800 children a day. If you believe the press, you will forget that there is an AIDS epidemic. If you believe the press, you do not know that you are wasting your dollars on conspicuous consumption while most of the world is either sick from malnutrition, starving, in poor health, and without adequate shelter due primarily to the lack of money. If you do not know the FAT CATS own the press, you are lost.

The antichrist will show its influence in world leaders; and America is the leader of the “free world.” Therefore, it is expected to show up or its influence as it has in all of world politics and the world’s peoples, especially the ‘MASTERS OF THE UNIVERSE.’ This refers not only the Wall Street crew, but all the Fat Cats that rule your world.

Dr. AC Brown claims that his relentless praying for the Obama Campaign is paying off. And prayer can and does change things. Like I said, before, McCain will win by a landslide. BUT, this is how Obama can win, can squeak by with an election.

1. Not get cocky; overly confident, which shows up as an attitude, as shortness in patience (which is a virtue of God), and this will lead white people to think that you do not know your place. Right now you see, they think you know your place and your handlers are “white establishment” and can turn you whichever way they want by the waving of their dollars: much like the new entertainment and sports “new rich “nic-nics.” And they may be right, I do not know. (“Nic-nic” is a nice way to say “nigger.”)
2. Do not be too quick to give answers. It makes the entire election seem staged. Take a moment, pause, then give the answer. It will seem like you are thinking about it or forming your ideas, their listening will increase, then you give them sound advice; which doesn’t necessarily need to be the status quo but something smart and effective that will work.
3. Keep your cool. The weeks leading up to the election will be cruel and you need to keep a cool head. There will be many lies and innuendos and your emotions must be left in your hat. Additionally, in this category, your wife has to be quite the calm one and not become too vocal during the last two weeks of the election process. Your emotional barometer and how you allow it to show during the last two weeks will determine much—the election.
4. I am a Democrat, but will not tolerate government intervention into the affairs of the states. The government (an ally of the antichrist—until the antichrist elements are removed; this is also something that has to happen in the US military—the removal of its antichrist elements. Remember, death, destruction, and suffering gives them away.) cannot consider spending the tax payers “hard-earned” money to help them help the people who have been gouging them year after year—these are FAT CATS, with LONG MONEY—OUR MONEY. Government intervention in

the laws that it passed and did not pass is what ALLOWS and allowed American financial companies to operate the way they have until—UNTIL NOW. Its time for a change—but I do not hear that change from you. \$700,000,000,000 BILLION USD can start a new country. It can fix most of what is wrong in America. So why focus \$700,000,000,000 on one part of America, when more than one part is broken? Keep Federal government out of State government business; except when we need you (smile).
