

Horses for Homeless Heroes

A therapy program at Chastain Horse Park
for homeless veterans.*

Horses for Homeless Heroes is a collaboration by Chastain's "Horses for Heroes" program and the Georgia Association for Black Veterans' (GABVETS) Homeless Veterans Program. This program offers both mounted and non-mounted therapeutic lessons to help strengthen the mind and body. Our homeless former service members have been fighting to preserve our freedom and the Horses for Homeless Heroes program and GABVETS would like to give something back by offering the amazing healing power a horse can provide.
